

Paper plate hats

Here's how to make fun and pretty hats out of paper plates. All you need is a paper plate, colours and scissors.

1. Draw whichever object you'd like on the back of the plate.
2. Colour the plate in.
3. (You may need to help your children with this bit) Cut around the object and get rid of any bits of the plate you don't want.
4. And finally, wear it!

Or follow the same steps and make a dolphin!
