

## Toilet Tube Wise Men

To make your own 3 wise men from the nativity, you will need 3 x toilet tubes, different coloured tissue paper, glue, a pen, googly eyes and white paper.

- Cut out a 4cm by 6cm rectangle on a piece of white paper and cut 4 slits vertically up the longest side. This will be the beard.
- Wrap half of your toilet tube with tissue paper in your chose colour.
- Stick on the beard in the middle of the toilet tube.
- Cut out 2 more white strips of paper at 6cm by 1cm and stick one strip either side of the beard, at the top of the tube for the hair.
- Cut out a tissue paper crown and stick it on top of the tube.
- Draw on the facial features and add googly eyes!
- Repeat this process 3 times and you have yourself the 3 wise men!
