

## Valentine's Day Hat

It's nearly Valentine's day so here's how to create this heart-shaped hat to get in the spirit. All you need is a paper plate, scissors, glue, pencil and pink paint or tissue paper.

1. Draw the outline of a heart in the centre of the plate
2. Cut around the heart, leaving just the rim of the plate.
3. Decorate the hat however you like. Here we chose pink tissue paper but paint or felt tips work too!
4. And finally, your child can wear the hat!
